Carrier Customer Bulletin

Date: December 8, 2011
Notice #: CCBFTR00184
Audience: Local Wholesale Customers Operating in the Legacy OSS
Subject: December 2011 Release - Pre-Order Support Document
Effective Date: December 11, 2011

On September 18, 2011 Frontier provided 73-Day notification of the Legacy OSS December 2011 Release. (A copy is available on our website at:

<http://www.frontier.com/wholesale/ContentPages.aspx?p=70>)

The December 2011 release includes enhancements to the Local Pre-Order module in the Virtual Front Office (VFO) application. The enhancements are also available to the Local EDI Pre-Order transactions via Exchange Path to our Rochester, NY data center. These enhancements will be implemented with the December 11, 2011 code release.

The [Pre-Order support document](#) has been posted online to explain the new steps and features involved with the Collocation Facility Assignment Inquiry and the Customer Service Inquiry and Response as it relates to the changes that will result in the 12/11/11 code release. The document is located at the following site:

<http://www.frontier.com/wholesale/ContentPages.aspx?p=3>

In addition to this Pre-Order support document, the online Pre Order Tutorial will be updated to reflect the enhancements by the end of January 2012.
