Carrier Customer Bulletin

Date: June 1, 2011
Notice #: CCBFTR1300011
Audience: Frontier 13 CLECs, IXC Carriers, Wireless
Subject: Deadline for Dedicated Connection for Frontier 13 System Integration
Effective Date: June 1, 2011

This is a reminder that today is the deadline for submitting the [Frontier Connectivity Form](#) requesting electronic bonding via Dedicated Connection. Below are the deadlines depending on the type of connection being requested:

Due Date for Requesting Dedicated Connection	Due Date for Requesting VPN Access	Due Date For Requesting Web Access (VFO)	Approximate Conversion Date
June 1, 2011	July 1, 2011	August 1, 2011	October 1, 2011

If you miss this deadline, you can select another method for transmission until the dedicated connection can be made.

Each company should complete the Frontier Connectivity Form available online in the Connectivity and E-bonding website page <http://www.frontier.com/wholesale/ContentPages.aspx?p=58> and email it to nc.connectivity.management@ftr.com. This will provide Frontier the information to set up your company on the new Operation Support Systems (OSS) or confirm that you would like to retain your current set up for the Frontier 13 converted states.

You can complete the connectivity form for all the states where you do business and then you will not have to complete this again when the next states convert. However, the deadlines above are only for the states converting on or after October 1, 2011, SC, NC, MI, and IN.

NOTE: Frontier will host a Frontier 13 System Integration meeting with Carriers and CLECs on June 15, 2011 at 2 p.m. EDT. More information on this meeting will be sent shortly.

If you have connectivity questions, please email nc.connectivity.management@ftr.com and send all other questions to Jackie Gerber, jacqueline.gerber@ftr.com.
